RUN begins at 8:00am

The **Susan Sandoval Run for Ovarian Cancer Foundation** was created with the Department of Obstetrics and Gynecology at the University of Utah to increase awareness of the signs, symptoms and risk factors for ovarian cancer and other gynecologic cancers. The goals are to educate and improve the care of women diagnosed with gynecologic cancers and focus on innovative research in the field of gynecologic cancers. The proceeds from the race are used to support the goals of the foundation.

**In 2007, the Foundation hosted the inaugural Susan Sandoval Run for Ovarian Cancer. This event raised over \$13,000 and had over 400 runners and walkers.**
